With the Amazing Technicolor Package & Director's Cut Package, we will deliver a DVD of your raw footage for you to review before we make any corrections or revisions. Please review your raw footage within 30 days of receiving this initial DVD in order for us to then correct color, complete editing, etc. per your directions. As we are unable to hold your footage in our system indefinitely, a \$75 re-digitization charge will be applied to revise footage after 30 days, or to upgrade from the Sneak Preview package to another package after 30 days.
