With the Amazing Technicolor Package & Director's Cut Package, we will deliver a CD of your raw photos for you to review before we make any corrections or revisions. Please review your photos within 30 days of receiving this initial CD in order for us to then correct color & noise, complete editing, etc. per your directions. As we are unable to hold your images in our system indefinitely, a \$75 re-digitization charge will be applied to revise images after 30 days, or to upgrade from the Sneak Preview package to another package after 30 days.
